

SERTY's WEEE categories and fees as of 1 January 2026

Recycling fees will be reported as net weight of the weight, excluding lamps* and fire alarms*, which are reported by number of units. Weight will be reported as net weight, without packaging, manuals or additional parts not covered by the WEEE Directive.

Remote control units, chargers and television and other display stands are included in the equipment, except when imported and sold as separate devices.

Any batteries, rechargeable or not, are covered by separate producer responsibilities (Recser Oy), and they are not included in the reported product weight.

The prices listed are excluding VAT and are the same for B2C and B2B devices.

WEEE 1 Temperature exchange equipment

1101	Fridges, freezers, 'cool refrigerators'	€0,150 /kg
1102	Heat pumps and compression-operated air conditioners and drying equipment	€0.050/kg
1103	Water heaters	€0.010/kg
1104	Plastic, stone or liquid filled heaters	€0.010/kg
1105	Building/house service technology	€0.010/kg

WEEE 2 Screens, monitors, and equipment containing screens having a surface greater than 100 cm² (~ 15 inches)

2101	Flat screen TVs, screens, and monitors (incl. LCD-photo frames)	€0.100/kg
2102	Portable and laptop computers	€0.010/kg

WEEE 3 Lamps

3101	Lamps and fluorescent tubes (Filament bulbs, halogen and vehicle lamps fall outside the scope of producer responsibility)	€0.030/unit*
------	--	--------------

WEEE 4 Large equipment, any external dimension more than 50 cm (>50 cm)

4101	Cookers, washing machines, ovens etc. (former WEEE 1)	€0.010/kg
4102	Grills, cleaning machines etc. (former WEEE 2)	€0.010/kg
4103	Clocks	€0.010/kg
4104	Large IT and telecommunication equipment	€0.010/kg
4105	Consumer electronics	€0.010/kg
4106	Musical instruments and speakers	€0.010/kg
4107	Luminaires and lights	€0.010/kg
4108	Electrical and electronic tools	€0.010/kg

4109	Toys, leisure items and sports equipment	€0.010/kg
4110	Health-care equipment, medical devices	€0.010/kg
4111	Monitoring and control instruments	€0.010/kg
4112	Electricity regulating, charging and distribution devices (inc. thermostats and inverters)	€0.010/kg
4113	Automatic dispensers	€0.010/kg
4114	Fire alarms	€1.000/unit*
4115	Solar panels	€0.010/kg

WEEE 5 Small equipment, no external dimension more than 50 cm (≤ 50 cm)

5101	Cooktops, electric fans etc. (former WEEE 1)	€0.010/kg
5102	Coffee makers, electric toothbrushes etc. (former WEEE 2)	€0.010/kg
5103	Clocks	€0.010/kg
5104	<i>Please see WEEE 6 Small IT and telecommunication equipment, with their own class</i>	
5105	Consumer electronics	€0.010/kg
5106	Musical instruments and speakers	€0.010/kg
5107	Luminaires and lights	€0.010/kg
5108	Electrical and electronic tools	€0.010/kg
5109	Toys, leisure items and sports equipment	€0.010/kg
5110	Health-care equipment, medical devices	€0.010/kg
5111	Monitoring and control instruments	€0.010/kg
5112	Electricity regulating, charging and distribution devices (inc. thermostats and inverters)	€0.010/kg
5113	Automatic dispensers	€0.010/kg
5114	Fire alarms	€1.000/unit*
5115	Solar panels	€0.010/kg

WEEE 6 Small IT and telecommunication equipment, no external dimension more than 50 cm (≤ 50 cm)

6101	IT and telecommunication equipment	€0.010/kg
6102	Mobile devices	€0.010/kg

The EE equipment operate on mains current, solar energy, batteries, or accumulators. The WEEE payment is used to cover the statutory obligation of manufacturers and importers, producers' responsibility, to take care of the waste management of electrical and electronic equipment: the network of collection points, transport, proper processing, recycling, and possible reuse. SERTY carries out the obligations and the reporting to the authorities behalf of its members.
